Communities In Schools of Northwest Michigan Mentoring

Program is a one-to-one school-based program that matches adult and peer volunteers with students in the Mancelona Public School District. Mentors meet with their students for one hour a week. During this time together they share in a variety of activities helping them form a bond.

Why Mentor?

Mentoring, at its core, guarantees young people that there is someone who cares about them, assures them they are not alone in dealing with day-to-day challenges, and make them feel like they matter. Research confirms that quality mentoring relationships have powerful positive effects on young people in a variety of personal, academic, and professional situations. Ultimately, mentoring connects a young person to personal growth and development and social and economic opportunity. Yet one in three young people will grow up without this critical asset.
